

River Bridge Blvd. Root Pruning & Asphalt Repairs

-
- Beginning tomorrow, Thursday 27th, contractor Five Star Asphalt, starts root pruning the marked out locations on River Bridge Blvd. beginning on the northbound side just west of the Cresthaven entrance.
 - The work will progress on the northbound side of the boulevard and work will reverse near the Performance Center parking lot. The work continues southbound on the boulevard until completion, which is expected by end of day Friday.
 - Please follow directions given by the traffic controls put in place to keep everyone safe.
 - Comcast, their subcontractors, and Five Star Asphalt are aware of each others presence, and we expect both to work well, as they intersect each other.

Thank you.
